New York Stock Market

New York, February 23.—Throughout to-day's session of the Stock Exchange the market maintained a good undertone, although the day was one of disturbing uncertainties. Closing prices recorded few net changes of consequence, save in the case of some specialties which were under manipulation. Such strength as was shown was largely negative, in that attempts to depress prices met with little success, despite the imminence of the decision by the Interstate Commerce Commission in the freight rate cases and the greater probability of an extra session of Congress. The far-reaching consequences of the rate decision and the possibility of tariff legislation in case Congress assembles in extra session presented two formidable obstacles to bullish operations, but their only effect was to reduce the volume of business to small proportions.

Bear traders took advantage of the situation and sold the market at the opening, but their efforts availed them little. Evidences of support at small concessions checked the selling, and after a dip in the first hour the market righted itself. Prices were maintained throughout the remainder of the day on an approximate parity with Tuesday's close Concerted bidding up of specialties in the last hour lent an appearance of strength and activity to trading, but there was no response from the usual market leaders. Virginia-Carolina Chemical preferred and later advances were made in American Agricultural Chemical preferred and later advances were made in American Agricultural Chemical, American Can preferred. Cotton Oil and Cast Iron Pipe. The market closed firm.

Trade in the Gould securities again made up a large share of the transactions, although there was less evidence of aggressive buying than on the earlier days of the week, and their prices advanced more reluctantly. Wabash preferred gained a point, but Missouri Pacific improved by only a small fraction. Canadian Pacific was again active and strong. Russia's acceptance of the Chinese government's statement in regard to the observance o American Tel. and Tel. conv. 4s .. ing in the European markets

Heavy buying of Gould bonds was the feature of the bond market. More Missouri Pacific convertible 5s, Wabash extension 4s, and Wabash Pittsburg Terminal 4s, all advanced. The general bond market was firm. Total sales, per value, were \$4,450,000.

Total sales of stocks were 264,400 shares.

Non-Sult in Action for Damages.

[Special to The Times-Dispatch.]

Winston, Salem, N. C., February 23.—
The \$40,000 damage suit instituted in 1903 by District Attorney A. E. Holton against N. Glenn Williams, a large distiller of Yadkin county, was nonsuited by the plaintiff to-day. It was a civil suit, and grew out of an assault made by Williams on Holton with a whip in this city in 1902. While prosecuting Mr. Williams in Yadkin county a few years ago, Mr. Holton, it was alleged, made charges to which Mr. Williams took exception, and the assault followed.

McKinney Trial Postponed.

[Special to The Times-Dispatch.]
Roanoke, Va., February 23.—The trial of William N. McKinney, indicted here by a Federal grand jury for false entries on the books of the National Bank of Covington, has been postponed to the June term of the court. McKinney was balled to-day in the sum of \$2,000. He is widely known and well connected. His counsel is George Revercombe, of Covington.

Many Estates Suffer

Financial loss because the parties make no will. In all such cases the court appoints some one administrator and requires a bond to be given with surety.

To illustrate: A citizen of Richmond died since January 1st leaving no will and but one heir, who qualified, and the bonding company charged \$500.00 for the surety bond. It will last two years. Thus a \$1,000.00 unnecessary charge goes against this estate.

Where this Company acts as Executor under a will the estate is saved this charge, as our capital of one million dollars is, in the eyes of the court, a sufficient
